

SMILE AT THE CHARGES THAT TUBE IS UNSAFE

Mayor's Answer to Complaint of Brooklyn People Expected To-Day.

The Brooklyn League, an organization of merchants and property-owners in the "over-the-river" borough, expects a reply from Mayor McClellan today to its request for an independent investigation of the safety of the tunnel under the East River which is to connect the Manhattan Subway with Brooklyn.

The league through its secretary, John B. Crichton, notified the Mayor that there were many defects in the tunnel. He said that it was only due to the public to have an engineer who was in no way connected with the Interborough Company investigate conditions.

Mr. Crichton arranged his charges in six subdivisions.

First, he alleges the tunnel was dangerously, although it does not yet bear the weight of a concrete floor, rails and cars; secondly, it bulges in from the top in places to such an extent that it would be impossible to run cars through it; thirdly, that many of its eastern segments contain cracks and breaks through which water and mud will seep when the compressed air pressure is withdrawn; fourthly, that now, as it is supposed to be properly joined there should be no need of air pressure; fifthly, that part of it rests on quicksand, that necessitates the support of concrete piling; and, sixthly, that when it passes from rock through sand it was in a dangerous manner.

The engineers of the Interborough Company declare that the charges of the Brooklyn League are absurd. They admit that there are many defects now that will have to be remedied, but that there are none they had not looked forward to and which cannot be readily corrected. They deny that there are any cracks in the segments of the tunnel. The alleged cracks, they say, are simply the spaces where the segments are joined, which will be filled with steel filings and concrete. The fillings will be coated with a preparation of oil and ammonia to cause them to rust and swell.

William Barclay Parsons, who drew the plans for the tunnel when he was Chief Engineer of the Rapid Transit Commission, also asserts that there is no basis in fact for the complaint. He says that when the tunnel is opened for traffic it will be as safe as a human ingenuity can make it. Engineer Rice, who succeeded Mr. Parsons, made a similar statement.

Mayor McClellan sent for Engineer Nelson P. Lewis, of the Board of Estimate and Apportionment, to the matter over with him to-day. He said that he thought there might be some question as to the safety of the tunnel, and he appointed an investigating engineer as the Rapid Transit Commission has full power over the tunnel.

PLATE TO PRESIDENT FROM "GEORGIA DAY."

WASHINGTON, June 2.—To President Roosevelt was to-day presented a handsomely engraved plate of solid gold, taken from a mine near the home of the President's mother, in Georgia. The plate, which is valued at more than \$400, is six by ten inches in size and bears a reproduction of Bulloch Hall, the Bulloch coat of arms, the Georgia coat of arms, and the following inscription: "Theodore Roosevelt, President of the United States, Georgia Day, Jamestown Ter-Centennial Exposition, June 10th, 1907. W. N. Mitchell, President Georgia Commission, Joseph M. Terrell, Governor of Georgia." The box in which the plate is encased is made of Georgia wood, lined with velvet, and covered with white satin, the lid being handsomely trimmed with gold and bearing the United States Coat of Arms.

The plate is intended as a souvenir of Georgia Day at the Jamestown Exposition and was presented by W. N. Mitchell, the President of the Georgia Commission. The President said he appreciated it very much, and it had touched him more than anything he had received during his administration.

COP WITH A JAG IS SENTENCED TO WORKHOUSE

Magistrate Wahl Imposes a Severe Penalty on James A. Kelly.

Magistrate Wahl to-day sentenced James A. Kelly, of the Madison Street Station, arrested for the Madison Street Station, to the Workhouse for five days. Kelly was arrested in the Madison Street Station, charged with intoxication. When a sentence for a policeman is extremely rare, the Court considered himself justified, and said that there was no reason why a policeman should not be treated as severely as a citizen. In fact, said the Magistrate, such a misdemeanor was a far more serious menace to the public in a policeman than in one of no official rank.

Sergeant Kane, of the Madison Street Station, arrested Patrolman Kelly. He said he was ordered to do so by Inspector Burfield. Last night Kelly had staggered into the station from his post. He was very drunk and began to revile the sergeant and the doorman.

Kane requested him to return to his post, whereupon he replied that he could "do up" the sergeant and the doorman. He was still ranting and swearing about the station when Inspector Burfield came in. The Inspector ordered him under arrest and committed him to the Workhouse in a cell and have him arraigned in court to-day.

The prisoner admitted to Magistrate Wahl that he had been intoxicated. He said that he did not remember what he had said or done. He offered the excuse that his head was up on charges several times before Commissioner Hanson and worried him greatly and caused him to drink. The last time he was before Mr. Hanson he was found guilty of intoxication. Then the Deputy Commissioner recommended that he be dismissed from the force. The man is married and has been in the department for two years.
